## Join Us in the Capital

The National Association of Specialty Pharmacy (NASP) is the only nonprofit national association representing all stakeholders in the specialty pharmacy industry. The core mission of NASP is to provide educational programs to pharmacists and other healthcare professionals, promote certification, and advocate for public policies that ensure patients have appropriate access to specialty medications in tandem with critical services. NASP members include the nation's leading independent specialty pharmacies, pharmaceutical and biotechnology manufacturers, group purchasing organizations, patient advocacy groups, integrated delivery systems and health plans, technology and data management vendors, wholesalers/distributors and practicing pharmacists. With over 125 corporate members and 2,000 individual members, NASP is the unified voice of specialty pharmacy in the United States.

At NASP, we are committed to advancing specialty pharmacy education and providing programs and services to improve patient care. As such, the annual meeting provides numerous opportunities for pharmacists to earn continuing education credit through 40+ educational sessions. In addition, there will be a specialty pharmacy law conference specifically focused on education regarding legal issues. The agenda also includes a comprehensive instructional program dedicated to helping members prepare for, or maintain, their specialty pharmacist certification. At our home infusion workshop, subject matter experts from NHIA will provide a unique opportunity to learn more about the regulatory, legal, operational and clinical complexities of the home infusion industry.

NASP provides attendees with robust opportunities to extend their clinical and practical pharmacy knowledge, with the ultimate goal of making a positive impact on patients.
